NEIGHBORS TEACHING NEIGHBORS
Seeing familiar faces in the Co-op, stopping to greet the parent of a childhood friend in the coffee shop, smiling at a former MALT instructor as we pass each other on Forbidden Drive... Before the pandemic, I took for granted these small connections throughout my day that helped me engage with our shared community.

How and where are you finding social connection, these days? MALT can help. In this moment of physical distance from our friends, neighbors, and loved ones, MALT’s mission-driven work to strengthen and enrich our shared community is more important than ever before. Thanks to the flexibility and quick work of our staff and instructors, we have planned over 200 online courses for this fall term, enabling our neighbors to interact with each other, learn together, and continue to have shared experiences. Virtual learning is different from in-person courses — it’s true. But MALT students are giving their virtual MALT courses rave reviews, reporting that their transition to an online platform was smooth, and that they ended their class feeling inspired and engaged.

I’m so excited by our fall offerings, and the way they will help to keep our sense of community connection alive and well. I hope to see you online this fall!

**TAKE A WALKING TOUR OF TOURISON**
Sa from 11:00 AM to 1:00 PM

**TWO1.** Native son Ashton Tourison, Sr. (1851-1944) had a grand vision and confidence in the future of Mt. Airy. In approximately 1904, he purchased 125 acres between Chew and Stenton, from E. Durham Street to E. Gorgas Lane, and advertised his plan for the new Sedgwick Farms as "stone-built homes, planned on an architectural idea that makes each different from the other, yet in perfect harmony with all." Join us for this step back in time to circa 1910 to see the timeless beauty of these homes that reflect core values of "space, air, light, comfort and good taste." Learn about how East Mt. Airy came to be, constructed with a variety of designs, in the form of Tudor Revival, Colonial Revival, Neo-Georgian and Victorian, all built by one family — originally from France! This tour is co-sponsored by Historic Germantown, Mt. Airy Learning Tree and Community Acupuncture of Mt. Airy.

Elise Rivers worked in the field of historic preservation as Assistant Director of Preservation Worcester and Executive Director of Landmark West, an historic preservation non-profit representing the Upper West Side of Manhattan. Her passion for beauty in architecture has never waned, and she was inspired to put together this walking tour, after living in and loving her own Tourison home.

**September 26 | $20.00**
Meet at Lovett Library, 6945 Germantown Ave.

Please arrive at 10:45 AM to check in; tour starts promptly at 11 AM. All attendees must wear a mask throughout the tour.

Rain date: Sunday, September 27, same time.
ONLINE: ADULT AND TEEN DRAWING AND PAINTING

WM05. Who better to read during a global pandemic hell-scape than Virginia Woolf, perhaps literature’s most famous suicidal, manic depressive. Conversely, Woolf produced some of the most intoxicatingly impressionistic and sensuously imagined prose of the 20th century. Our class, which promises fun and stimulating discussions of her work, will read both a selection of her largely overlooked, yet beautifully rendered short stories, as well as the more reflective and unguarded writing of her private correspondence and now iconic diary.

Justin Ahlbach has an MA in Literature with an interest in the modern British novel.
